for your **dust killing**.

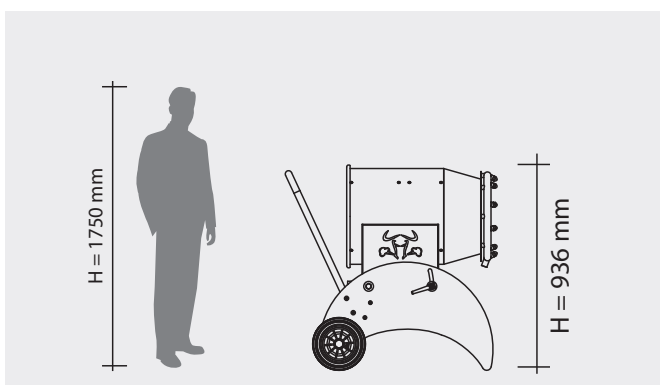

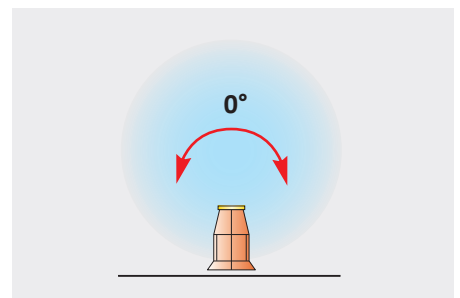

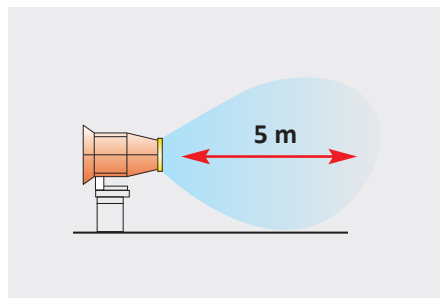

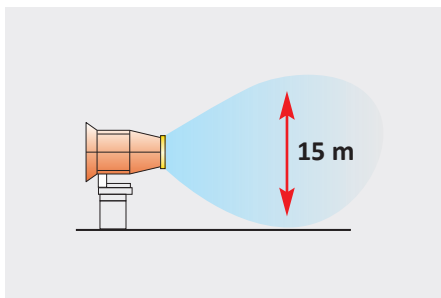

DK15

Sistema di abbattimento polveri e odori Dust and odour suppression system

CARATTERISTICHE TECNICHE / TECHNICAL FEATURES

- Spina 220 Volts 16A
- Ruote per facile spostamento
- Gancio di sollevamento
- Comoda maniglia di presa
- Ideale per piccole demolizioni
- Corona in acciaio inox con porta ugelli e 27 ugelli in acciaio inox
- Ugelli intercambiabili per ottimizzazione della portata acqua
- Linea idrica: pressione minima 1bar
- Plug 220 Volts 16A
- Wheels for easy movement
- Lifting hook
- Comfortable handle grip
- Ideal for small demolition
- Crown with stainless steel nozzles holder and 27 stainless steel nozzles
- Interchangeable nozzles for optimizing water flow
- Water supply liner: minimum pressure 1bar

Potenza installata	Installed power	1,5 Kw
Potenza Ventilatore	Fan Power	0,750 Kw
Potenza pompa acqua	Water Pump Power	0,750 Kw
Grado di protezione	Protection Rating	IP55
Alimentazione	Power Supply	220-230 Volts 50Hz
Alzo	Pitching	0-15°
Distanza max del getto	Max Throw distance	10/15 m
Rumorosità	Noise Level	< 93dB LWA
Peso a secco	Dry weight	58 Kg
Dimensioni (mm)	Dimensions (mm)	L=810 H=936 W=555
Pressione minima	Minum Pressure	1 Bar
Consumo d'acqua	Water Consumption	2 bar 4 bar 6 bar 2,82 l/min 4 l/min 5 l/min
